I, Michael D Barnhart, Mayor of the City of Lake Dallas, do hereby pledge to Back the Blue. It is my honor to oppose any effort to defund police and to show support for all of the law enforcement officers who put their lives on the line for us each and every day to protect our citizens and to serve our community. I will not allow crime into this community or put our children, families, or elderly citizens in danger.

It is for these reasons that I pledge my support for any measure that discourages efforts of any kind to defund the police departments here in Texas.

Our officers have watched our backs for all of these years, it is time that we took the time to show them that we have theirs.
