

- **Why Is It Important to Display Street Numbers?**
 - In addition to properly receiving mail, having your address affixed to your home or business provides first responders in the event of an emergency with the confirmation they need to effectively respond.
- **Do I Need Address Numbers Displayed on My Home or Business?**
 - Yes, all buildings, whether commercial or residential, need numbers attached within ten (10) feet of the main entrance and be visible from the street.
 - Sec. 90-35
- **Do Street Numbers Painted on the Curb Meet this Requirement?**
 - No, numbers painted on a curb may be helpful but addresses, at the very least, still need to be displayed per the requirements above.
- **What Other Requirements Do I Need to Meet?**
 - Simply choose numbers large enough to see (at least 3 inches in height) and of a contrasting color made of metal, wood or any other suitable outdoor material.
 - Sec. 90-36

STREET ADDRESS NUMBERS
